SOFIA GALLEGO

Actor · Musician · Creator · Artistic
Director · Scientist

Profile

Chilean actor, creator, scientist and musician based in Paris. With over 30 years of stage experience, Sofia develops original interdisciplinary projects spanning the performing arts, storytelling, music, science and education. Her work combines performance, writing, composition and scientific thinking to create original experiences for diverse audiences, with experience across Europe, Latin America and the United States.

Artistic Experience

Performer

- Performed as an actor, violinist and opera singer in theatre, musical theatre, concerts, ceremonies and corporate events.
- Appeared in scripted, immersive and interactive productions.
- Performed as both a soloist and ensemble musician across classical, opera and contemporary repertoire.

Artistic Director

- Founded and directed artistic groups and interdisciplinary creative projects.
- Conceived, directed and produced original performances.
- Led rehearsals, casting and collaborative creative processes.

Author & Composer

- Wrote original stories, books and educational content.
- Composed and arranged original music.
- Created board games, artistic concepts and interdisciplinary performances.

Science Communicator

- Presented and hosted science festivals, cultural events and educational programs.
- Created and performed interdisciplinary experiences combining science, music and storytelling.
- Designed and facilitated workshops and public engagement activities.
